

# CHAPTER 31

## BOUNDARIES OF DISTRICTS

Where uncertainty exists with respect to the boundaries of the various districts as shown on the maps accompanying and made a part of this resolution, the following rules apply:

- A. The district boundaries are the center lines of streets or alleys, unless otherwise shown, and where the districts designated on the maps accompanying and made apart of the resolution are bounded approximately by street or alley center lines, such center lines shall be construed to be the boundary of the districts.
- B. Where the District boundaries are not otherwise indicated, and where the property has been or may hereafter be divided into blocks and lots, the District boundaries shall be construed to be the lot lines, and where the districts designated on the maps accompanying and made apart of this Resolution are bounded approximately by lot lines, the lot lines shall be construed to be the boundary of the district unless the boundaries are otherwise indicated on the maps.
- C. In unsubdivided property, the district boundary lines on the maps accompanying and made a part of this resolution shall be determined by dimensions or the use of the scale appearing on the maps.
